Speech Style Annotation Instructions

Welcome to the speech style caption evaluation task.

Please listen to the audio sample below and choose the description that best matches the **speaking style** (e.g., *young man*, *deep voice*, *surprised*).

Once you've made your selection, click **"Save and Continue"** to move on to the next sample.
Your progress will be displayed above the audio as you annotate multiple samples.

> **FAQ**
> **Q:** Should I focus on the speaking style or the content of the speech?
> **A:** Focus only on the *speaking style*, not the meaning of the words.
